

BENT TREE SWIMMING POOL 2019 TODDLER ADMISSION

- 1. ALL TODDLERS ARE TO BE ACCOMPNYED BY A PARENT OR GUARDIAN**
- 2. ALLTODDLERS MUST BE EITHER:**
 - TOILET TRAINED (FULL BOWEL CONTROL); or,**
 - BE FITTED WITH AN APPROVED SWIMMER'S DIAPER**
- 3. THE LIFEGUARD HAS AUTHORITY TO DENY ENTRY INTO EITHER POOL IS THE TODDLER DOES NOT MEET THE ABOVE CRITERIA**

In the event of a fecal discharge accident, take the following action:

- 1. Report any accident occurring as a result of non-compliance of this requirement.**
- 2. Obtain the name and subplot number/address of the parent/guardian of the toddler**
- 3. Expel toddler from the pool.**
- 4. Immediately clear the pool of all swimmers and close the pool.**
- 5. Remove any/all solid fecal waste from the pool water.**
- 6. Test the water in the local area of the accident for free chlorine.**
- 7. If the free chlorine tests in excess of 2 PPM, reopen the pool after fifteen (15) minutes after the test.**
- 8. If the free chlorine is less than 2 PPM, test the water at a different location.**
- 9. If the second test is less than 2 PPM, but more than 1 PPM, administer the prescribe amount of sodium hypochlorite to raise the level to 2 PPM.**
- 10.If the second test is 2 PPM (or greater), add 8 oz of sodium hypochlorite to the local area.**
- 11.Reopen pool in fifteen (15) minutes after administering chlorine.**
